PROFESSIONAL EXPERIENCE

Schonfeld Strategic Advisors

New York, NY

Senior Software Engineer

Jan 2026 – Present

- Developed and scaled an enterprise multi-modal AI platform supporting multiple LLM providers and both Slack and web platform
- Developed agentic tools and MCP server integrations, allowing agents to autonomously interact with firm data and internal services
- Designed a shareable resources framework using a registry/dispatch-table pattern, enabling resource types (prompts, projects, skills, etc.) to plug into access control and group-based sharing
- Built a prompt library on top of the sharing framework with PostgreSQL storage, CRUD endpoints, and UI for management
- Designed a scheduled prompts system extending the library with EventBridge scheduling for recurring AI-generated reports

Software Engineer

Sep 2024 – Dec 2025

- Contributed to the Applied Solutions team, deployed AI-powered tools, including LLM bots, to enhance automation across the firm
- Designed an S3-backed file storage system with DynamoDB metadata lookup, and a parsing layer that converts different types of files into structured block representations consumable by LLMs
- Designed and implemented an event-driven task workflow with DynamoDB backed job queuing with configurable retry policies
- Managed cloud infrastructure and observability to ensure reliability and improved developer velocity through CI/CD enhancements

Data Engineer

Jul 2021 – Aug 2024

- Engineered and maintained ETL pipelines for Cloud Data Platform, ensuring data accessibility and integrity for analytics
- Developed Shovel, an AWS-powered data processing tool, automating data compression and organization within S3
- Collaborated with data vendors to onboard finance datasets and configured ETL tools to handle evolving schemas

Software Engineer Intern

Jun 2020 – Aug 2020

- Worked on the SRE (Shared Research Environment) team to provide fast and reliable data access to Portfolio Managers
- Applied data analysis techniques to improve data quality using KDB+/Q and Jupyter Notebooks, implementing comprehensive data validation for the IBES financial dataset

Black Snow Capital

New York, NY

Investment Associate & Data Science Intern

May 2019 – Aug 2019

- Highly involved in researching and building a financial model to rank banks in China based on their financial conditions
- Drafted daily market reports and learned about economic conditions' effect on financial products through weekly discussions
- Analyzed data on Haver, Bloomberg and other providers to build trade signals for various financial products
- Used Python in Jupyter Notebook to scrape, manage and manipulate data, and used Bokeh to produce graphs and visualize data

SKILLS & INTERESTS

AI/ML: OpenAI SDK, AWS Bedrock, Model Context Protocol (MCP), Prompt Engineering, RAG, PyTorch

Language/Frameworks: Python, Java, Go, SQL, Bash, Typescript, React, FastAPI, FastMCP

Database: DynamoDB, Postgres, Redis/Valkey

Cloud/Infrastructure: Terraform, AWS (EC2, EKS, Lambda, S3, SQS, SNS, CloudWatch, Eventbridge)

Dev Tools/Misc: Git, GitHub Actions, REST, Datadog, CI/CD, Claude Code, Copilot

Certifications: AWS Certified Solutions Architect – Associate

Languages: English (fluent), Mandarin Chinese (native), Spanish (conversational), Japanese (conversational)

Interests: Golf, Tennis (Varsity in high school), Badminton (Varsity in high school), Archery (2nd place in California State, Junior Division 2016)

EDUCATION

Columbia University

New York, NY

Master of Science in Computer Science | Machine Learning Track

Expected Graduation: May 2027 | Cumulative GPA: 4.0/4.0

Relevant Coursework: Machine Learning, Natural Language Processing, Distributed Systems, Ethical and Responsible AI

New York University, Leonard N. Stern School of Business

New York, NY

Bachelor of Science in Business | Concentrations: Finance & Data Science | Minor in Computer Science

Graduation Date: May 2021 | Cumulative GPA: 3.823/4.0 | Dean's List (All 4 Years)

Leadership: Beta Alpha Psi - Technology Committee Chair, Bridge & Spades Club - President

Monta Vista High School

Cupertino, CA

High School Diploma | Graduation Date: Jun 2017 | Cumulative GPA: 4.0/4.0 | ACT: 35
